

# FUNDRAISE FOR MOBILITY DOGS

Every cent raised by fundraising for Mobility Dogs will help people like James.

For most kids getting a dog is a dream come true, but for Christchurch teenager, James, meeting his mobility dog Max was nothing short of life-changing.

James' mum Deb explains, "The moment they met you could just see James was instantly in love. He's just so proud of Max and he's blossomed with the responsibility – the two of them are such great friends."

"While James is very social, when we went out before he was quite withdrawn. But with Max he has something to instantly talk to people about. It's like he's sitting up a bit straighter in life and he looks people in the eye. People not only ask questions about Max, but about James as well — it gives him so much more confidence."

## Hold a fundraiser in support of Mobility Dogs and transform lives!

It's time to celebrate the incredible things that happen when you bring people and dogs together. Mobility Dogs specially train dogs to help disabled New Zealanders with their individual, unique needs. Through practical support, companionship and unconditional love, these dogs truly transform the lives of their partners, who enjoy greater independence and quality of life.

*Your support  
gives  
life changing  
loyalty.*
