

## Fundraising Statement

### Mobility Dogs

***You can donate to the Mobility Dogs with assurance and confidence. Our fundraising principles are built on the core Trust values – professionalism and respect***

Our fundraising staff are aligned to FINZ / FIA. We adhere to the standards outlined in the FINZ / FIA Code of Ethics and Professional Conduct. This means we will:

- Act honestly and truthfully so that public trust is protected and donors and beneficiaries are not misled.
- Act with respect for our profession and our organisation, and with respect for the dignity of donors and beneficiaries.
- Act openly and with regard to our responsibility for public trust. We will disclose all actual or potential conflicts of interest and avoid any ethical, personal or professional misconduct.
- We work in a way that promotes our purpose and encourages others to use the same professional standards and engagement. We will value individual privacy, freedom of choice, and diversity in all its forms.
- We will produce clear reports about what we do, the way donations are managed and disbursed, and costs and expenses in an accurate and clear manner.

#### **A relationship built on mutual respect**

We endeavour to develop meaningful relationships with those who support us through donations, fundraising, bequests, grants or the provision of products and business services. We ensure every effort goes into our administrative processes, particularly receipt generation and donation acknowledgment, and are processed in a timely manner.
